

HACKAWAY

DISRUPT

Pure joy of coding

What HACKWAW is?

HackWAW is a hackathon - an event, where programmers meet to code together and make apps in a limited time. Hackathons main points are networking, knowledge sharing and creativity.

PAST EVENTS

So far there were 5 editions of HACKWAW, which hosted 460 creative programmers and designers, who created 60 working projects.

 **Tomek Dubrownik**
@tdubrownik

Phew, #hackwaw N°1 final presentation is behind us. It was intense and lots of fun, already looking forward to N°2:D

 **Mateusz Kozak**
@mkozak

This edition of #hackwaw isn't over yet, but I can't wait the next one ;)

 **Kamil Starski**
@kstarski

High five to #hackwaw organizers and sponsors and all attendees! It was really great event. My first #hackathon but not the last for sure!

 **Wojtek Siudzinski**
@suda

Great event, great teams and great projects at #hackwaw. Thanks

 **Agata Kozak**
@agatakozak

#hackwaw świetna impreza; dzięki organizatorzy & hakerzy

 **Przemek Jazlo**
@pjazlo

Finally few hours of sleep after #hackwaw Big thx to organizers! It was amazing! Me want more! :)

 **Marcin Grodzicki**
@3marcin

Just listened to how @83TB made @hackwaw happen. Magic created out of thin air and enthusiasm :)
